The California Assessment of Student Performance and Progress, known until February 2014 as the Measurement of Academic Performance and Progress, measures the performance of students undergoing primary and secondary education in California.
On Feb. 26, the SLAC Regional Science Bowl crowned another championship to Miller Middle School, Team 1. The competition between Harker and Miller went back-and-forth throughout the day, Miller ended strong with score Miller: 142 to Harker: 106 and won finals.

Congratulations to Miller Science Bowl Teams for outstanding performance at the 2022 SLAC Middle School Regional Science Bowl. We are so proud of both teams! They all worked hard. They showed depth in their knowledge of Science and Math.

Team 1 will move on to the virtual NSB National Middle school semi-finals in May, and the top eight teams go on to the finals sponsored by U.S. Department of Energy (DOE) in Washington, D.C., this summer.

**PBIS Rewards App!!**

"Hey Mustangs! Now there's a way to be recognized for being RRC! We are excited to introduce the PBISRewards App! This app will allow ANY staff member (including teachers, counselors, office staff, etc) to assign you points for being Respectful, Responsible, and/or Caring. What can you do with those points you ask?!?!?! You can redeem the points for PRIZES!!!! You can also find login and prize redemption information [here](#). Thanks for being Respectful, Responsible and Caring!!
NEW WATER FOUNTAINS!

The Miller Community Education Foundation (MCEF) has graciously purchased new water fountains to replace all the old ones on campus! These new water fountains are filtered, refrigerated, and come equipped with water bottle filling stations!

4 out of 10 fountains have already been installed and are ready to be used! Please remind your students to bring their water bottles to fill up at the available stations:

- Behind Boys’ Locker Room
- Behind Girls’ Locker Room
- Inside Gym
- Outside of Room 31/Band Room
